Our working and living lifestyle is defined by its surroundings; this ambience is key to our success.

READY TO BE INSPIRED?

Our Story

Groh Resources started in 2011 out of the necessity to help designers, architects and clients select highly designed, sophisticated and unique products in all sectors. We believed our goal since our inception is providing unparalleled customer service and resources whether it be samples, advice or finishes to assist our clients to help realize their design and dreams into reality.

We have selected brands to represent our core thinking and a reflection of our personality so that we are identified with our manufacturers.

Our passion is to help inspire our clientele with a wide array of tools and brands to make their own design composition distinctive and an expression of their own creativity.

The people of GROH Resources

Steve Groh

FOUNDER & PRESIDENT

To create is to inspire others, to inspire others is to elicit favorable emotions towards one's goals.

“

The people of GROH Resources

Christine Groh

MARKETING & SALES

Don't design your lifestyle for comfort, design it for passion.

Lifestyle is defined by the space around the individual; the interiors need to be designed to encompass one's ideas, traits and beliefs to set the stage for living and working in the moment.
